

# *Call of Duty: Modern Warfare* by Activision

Review by Issiah

First Person Shooter

Rated M for Mature

**What originally made you interested in reading/watching/playing this media? How did you hear about it or come across it?**

Big into the “COD” Series. Was very popular with the “Warzone” game mode being a big hit all over the world, so I tried it. I have played many other Call of Duty’s where the game has interesting story and great gameplay.

**Is it part of a series? If so, what series is it?**

Call of Duty

**What is this media about? Make sure to give enough interesting details without spoiling too much!**

It’s based in Russia and other parts near Russia where you have to restore some chaotic events including multiple bombings, mass shootings, etc. You have a team put together, Bravo “six”, and you will be with this team the whole story mode.

**Who are the main characters? What makes them interesting or unique?**

Bravo six members: Price, Soap, Ghost, Kruger, and the main character you play as is Kyle.

### **Does this media remind you of anything else you've read/watched/played?**

Anything I could recall that's similar is Call of Duty itself. The game series has been going on since late 1990s/early 2000s and still going. The game series is pretty unique, so it's hard to compare to anything else of course.

### **What type of person might enjoy this media? For example, this book is for someone who likes Percy Jackson, someone who enjoys getting scared, someone who likes a challenge, etc.**

Someone who likes a challenge. Definitely not easy offline nor online, both are very challenging. It has a lot of depth to kill a huge amount of time and find a new challenge for yourself.

### **Did you like this media? Would you recommend it to others? Why or why not?**

Yes, I do, it being a childhood staple of course. But just like other game companies, it's the first good game in a long time due to the pandemic, so the game is very high above others being very interesting.

### **Do you like the cover? Does it convey what the media is about?**

Yes, I like the cover. It has the main character, Captain Price, just standing there not doing much, but it's great art for the games.

### **Do you have any last thoughts about this media that you would like to include in your review?**

Not much. It's very geographical, interesting, with depth of story and historical based. I love the game.
