What originally made you interested in reading/watching/playing this media? How did you hear about it or come across it?

I saw it on Booktok.

Is it part of a series? If so, what series is it?

Yes, Folk of the Air

What is this media about? Make sure to give enough interesting details without spoiling too much!

In this story (heavily based off the Irish Fae mythology), Jude, a human girl adopted by the fae, struggles to adapt to living in Faerieland, and faces off against Cardan Greenbriar, a cruel fae prince

Who are the main characters? What makes them interesting or unique?

Jude Duarte is a human girl who has restored to scheming and lying to live among the fae, never trusting anyone. Cardan Greenbriar might be a fae prince, but he uses partying and drinking to disguise the fact that his life is anything but glamorous. Then, they are forced to work together.
Does this media remind you of anything else you’ve read/watched/played?

Irish Mythology and also a story I read when I was younger that was kind of a fever dream called the Solstice Cup I believe?

What type of person might enjoy this media? For example, this book is for someone who likes Percy Jackson, someone who enjoys getting scared, someone who likes a challenge, etc.

Someone who is into the Fae, and maybe likes Irish mythology. Definitely I would recommend this to fans of the enemies to lovers trope, and instead of “I can fix him,” it’s “I can be so much worse.”

Did you like this media? Would you recommend it to others? Why or why not?

Even though sometimes it was a little childish in its exposition and narrations, I really enjoyed it and I would absolutely recommend it.

Do you like the cover? Does it convey what the media is about?

Yes I thought the consistency of the crown symbology through the series was very cool and the change in setting of the crown hinting to the story.

Do you have any last thoughts about this media that you would like to include in your review?

It’s absolutely meant for the enemies to lovers fans!
