Alternative rock/blues/folk

What originally made you interested in reading/watching/playing this media? How did you hear about it or come across it?

One of my friends recommended a song from the album and I immediately fell in love, the emotion in the song was so good and I went and listened to the rest of the album.

Is it part of a series? If so, what series is it?

This is Jeff Buckley's only album officially released by him! Any other music was released after his death.

What is this media about? Make sure to give enough interesting details without spoiling too much!

The album 'Grace' is about the nature of love and the challenges that come with it. There are highs and lows, and there are triumphs that are needed to overcome.

Who are the main characters? What makes them interesting or unique?

Does this media remind you of anything else you've read/watched/played?

Jeff's ability to give raw emotion and lyrics in a song is truly beautiful, his way with words is incredible. He's inspired many artists today such as Lana Del Rey, Adele, and Radiohead. Another artist I would put in the same category as him is Mitski, she is another artist that has true, raw talent.

What type of person might enjoy this media? For example, this book is for someone who likes Percy Jackson, someone who enjoys getting scared, someone who likes a challenge, etc.

If anyone does listen to artists such as Adele, Lana Del Rey, Fiona Apple, Mitski, or Radiohead I think they would enjoy Jeff Buckley's music and this album.

Did you like this media? Would you recommend it to others? Why or why not?

Yes I do, and I would always recommend this album to anyone who'd give it a listen.

Do you like the cover? Does it convey what the media is about?

Yes I do! While it is harder for album covers to truly convey the emotion and lyrics put into the songs, this is truly a great cover!
