Alternative/Indie/Folk

What originally made you interested in reading/watching/playing this media? How did you hear about it or come across it?

I actually found the band through instagram and TikTok, and went on my own journey listening to their music

Is it part of a series? If so, what series is it?

Summer Windows is track 5 of their album Crying, Laughing, Waving, Smiling

What is this media about? Make sure to give enough interesting details without spoiling too much!

Who are the main characters? What makes them interesting or unique?

n/a

Does this media remind you of anything else you've read/watched/played?

This specific song reminds me Jesus, Etc by Wilco

What type of person might enjoy this media? For example, this book is for someone who likes Percy Jackson, someone who enjoys getting scared, someone who likes a challenge, etc.

Any who likes the artists DJO and Wilco, this song has the tone and mannerisms of both these artists combined

Did you like this media? Would you recommend it to others? Why or why not?

Yes I would and I have before! It's another sweet song that gives me a nostalgia even if I've never heard it before. The lyrics are genius and flow together smoothly.

Do you like the cover? Does it convey what the media is about?

I think the cover is okay, why it conveys the message of the album entirely, it doesn't really convey the message of the song itself

Do you have any last thoughts about this media that you would like to include in your review?
