

# HAIRSPRAY

## *Hairspray*

Directed by Adam Shankman

Review by Sophia

Musical comedy

Rated PG

**What originally made you interested in reading/watching/playing this media? How did you hear about it or come across it?**

I had always heard about the movie/musical so when I saw it at the library, I had to check it out.

**Is it part of a series? If so, what series is it?**

Nope

**What is this media about? Make sure to give enough interesting details without spoiling too much!**

In the movie, there is a dance tv show that the main character, Tracy, auditions for which she attempts to bring inclusivity to.

**Who are the main characters? What makes them interesting or unique?**

The main character is Tracy and she is interesting because all she wants to do is dance on the show and bring that chance to others. She doesn't let hate or any ridiculous immature emotions into her heart while other characters do. She is just doing what she loves and making it so others can do what they love too.

**Does this media remind you of anything else you've read/watched/played?**

This reminds me of cartoon movies but it's live action instead. It has the same goofiness of Madagascar or Shrek.

**What type of person might enjoy this media? For example, this book is for someone who likes Percy Jackson, someone who enjoys getting scared, someone who likes a challenge, etc.**

I feel like this would be good for all ages but children especially because they would enjoy laughing at it.

**Did you like this media? Would you recommend it to others? Why or why not?**

I would recommend this to others because I thoroughly enjoyed it. The music is very catchy and the characters are easy to love. It's also easy to follow along and has some good lessons imbedded within.

**Do you like the cover? Does it convey what the media is about?**

It is colorful and sparkly and fun, which accurately reflects that aspect of the movie.

**Do you have any last thoughts about this media that you would like to include in your review?**

Go watch it!
