What originally made you interested in reading/watching/playing this media? How did you hear about it or come across it?

I know someone who really enjoys Motown music and I love listening to their music so when I saw this, it reminded me of them and I thought I'd give it a listen.

Is it part of a series? If so, what series is it?

I don't believe so.

What is this media about? Make sure to give enough interesting details without spoiling too much!

Many of the songs were based on lovers and sometimes their heartbreak. "Got to Be There" by Michael Jackson on disc 2 really stood out to me and I still listen to it even after returning the cd.

Who are the main characters? What makes them interesting or unique?

Does this media remind you of anything else you've read/watched/played?

Stevie Wonder, Marvin Gaye, Tammi Terrell, and of course Michael Jackson were all artists with songs on the compilation that I feel found good representation of their work from the songs that were included.

What type of person might enjoy this media? For example, this book is for someone who likes Percy Jackson, someone who enjoys getting scared, someone who likes a challenge, etc.

I feel like this cd would be enjoyable for someone who likes listening to old R&B and soul. I feel that it is something many people can enjoy also considering the fact that the music was so popular at one time so it is appealing to large audiences.

Did you like this media? Would you recommend it to others? Why or why not?

Yes, I loved it because the music is very catchy and powerful and I wanted to keep listening.

Do you like the cover? Does it convey what the media is about?

The cover shows several of the artists with songs included in the compilation, which I think accurately depicts what it's about.
