Poetry

What originally made you interested in reading/watching/playing this media? How did you hear about it or come across it?

I was wandering through the library and I came across this book of poems. I skimmed through it and it seemed to be interesting.

Is it part of a series? If so, what series is it?

Nope!

What is this media about? Make sure to give enough interesting details without spoiling too much!

This is a collection of poems from the early 2000s from author Rene M. Thibault and pictures taken by him along with each photo. Through his poems, he tells his life's story detailing his love for nature as well as the people involved in his life.

Who are the main characters? What makes them interesting or unique?

I guess the author would be a main character. Through his writing, he is characterized as a curious man interested in nature and wise one who has lived many years. I find him interesting because he just seems like a regular guy.

Does this media remind you of anything else you've read/watched/played?

This reminds me of other poems I have read about nature but nothing specific.

What type of person might enjoy this media? For example, this book is for someone who likes Percy Jackson, someone who enjoys getting scared, someone who likes a challenge, etc.

I feel like someone who likes nature or is interested in the lives of random people would find this to be a fun read.

Did you like this media? Would you recommend it to others? Why or why not?

I would recommend this to others and I was thinking about letting my friend borrow it.

Do you like the cover? Does it convey what the media is about?

The cover is a sailboat and I think it symbolizes the journey of life, something that is explored throughout these poems.

Do you have any last thoughts about this media that you would like to include in your review?
