

Back to Black

Amy Winehouse

Review by Sophia

R&B/Soul

What originally made you interested in reading/watching/playing this media? How did you hear about it or come across it?

I knew that the album could be worthwhile because every time I hear about it, I only hear only good things.

Is it part of a series? If so, what series is it?

No.

What is this media about? Make sure to give enough interesting details without spoiling too much!

The album is about Amy Winehouse's relationship with her ex boyfriend and the way it impacted her afterwards.

Who are the main characters? What makes them interesting or unique?

If her album were a story, she would be the main character. I feel like her writing is unique because of the tone that is sarcastic and funny at the same time.

Does this media remind you of anything else you've read/watched/played?

This reminds me of Lauryn Hill because although Amy does not make rap, she has a similar level of power in her writing.

What type of person might enjoy this media? For example, this book is for someone who likes Percy Jackson, someone who enjoys getting scared, someone who likes a challenge, etc.

I feel like a teenager or adult would enjoy this album because the content is a bit mature.

Did you like this media? Would you recommend it to others? Why or why not?

I liked it. I would not say I loved it because it felt like it was missing something, but it is definitely good music.

Do you like the cover? Does it convey what the media is about?

The cover depicts Amy and I guess the album is about her so it does make sense, maybe not perfect sense but definitely sense.

Do you have any last thoughts about this media that you would like to include in your review?
