Fairy Metal

**What originally made you interested in reading/watching/playing this media? How did you hear about it or come across it?**

I heard about BANSHEE through tiktok and kind of ignored it for a little because most tiktok music isn't the best but later she came up as a recommendation for one of my playlists and quickly became one of my favorite artists.

**Is it part of a series? If so, what series is it?**

n/a

**What is this media about? Make sure to give enough interesting details without spoiling too much!**

Banshee makes high fantasy based songs with mixes of feminism and metal music

**Who are the main characters? What makes them interesting or unique?**

Banshee is so unique because I have never heard any music quite like hers before and I fell in love with it

**Does this media remind you of anything else you've read/watched/played?**

The reason I listen to her music so much is because I don't know any artist that produce similar music

**What type of person might enjoy this media? For example, this book is for someone who likes Percy Jackson, someone who enjoys getting scared, someone who likes a challenge, etc.**

Anyone who likes fantasy, music that tells a story, and metal will love her music.

**Did you like this media? Would you recommend it to others? Why or why not?**

I love her music and recommend it to others but most other people don't like it because it is not very mainstream

**Do you like the cover? Does it convey what the media is about?**

I love her album cover's because she always goes with a similar theme of a white flowing dress that brings out her curly red hair truly making her a recognizable figure.

**Do you have any last thoughts about this media that you would like to include in your review?**
