Contemporary romance

**\*For mature readers\***

**What originally made you interested in reading/watching/playing this media? How did you hear about it or come across it?**

I was reading the series and simply continued on with it.

**Is it part of a series? If so, what series is it?**

Dream Harbor series

**What is this media about? Make sure to give enough interesting details without spoiling too much!**

This book is about Hazel Kelly and her last two months before turning 30! She realizes she spent her 'fun twenties' being content and not doing anything adventurous like she should have been doing. She wants an adventure, but doesn't act on it. Until, she starts finding clues in her book store! Dog-eared, upside books with highlight passages that lead her to her next adventure. But Hazel Kelly isn't fun or adventurous. That changes, however, when she recruits the local fisherman, Noah, to help her! While Noah helps her live out her last two months in her twenties, both of them deal with what they think is unrequited feelings for the other. Little do they know, they aren't unrequited at all.

### **Who are the main characters? What makes them interesting or unique?**

The main characters are Hazel Kelly and Noah Barnett. Hazel Kelly owns a bookstore, while Noah runs a boat tour business on the shore. What makes them so interesting is how they compliment each other by their differences. Despite living two total opposite lives, they ground each other and their opposites make a whole!

### **Does this media remind you of anything else you've read/watched/played?**

It vaguely reminds me of the first book in the series by the writing style, but the story itself is different.

### **What type of person might enjoy this media? For example, this book is for someone who likes Percy Jackson, someone who enjoys getting scared, someone who likes a challenge, etc.**

This book is absolutely made for people who like a mix of spice and small town romance.

### **Did you like this media? Would you recommend it to others? Why or why not?**

I did like this media! Admittedly, the spice was a bit frequent nearing the end, and I found it a little absurd how their first kiss was on page 35, but they confessed their love on page 320. I would recommend it for a quick read, but it wasn't my favorite.

### **Do you like the cover? Does it convey what the media is about?**

Yes! The cover is adorable. I love how it shows all the little book and the golden leaves are always a gorgeous touch.

### **Do you have any last thoughts about this media that you would like to include in your review?**

No last thoughts! Have a wonderful day to whoever reads this ^^
