

Twilight

by Stephanie Meyer

Review by Kolleen

Fantasy/Romance

What originally made you interested in reading/watching/playing this media? How did you hear about it or come across it?

I wanted to read this book because I watched the movies when I was younger and I enjoyed those so I figured now I would read the book. I found out about it through my mom and aunt during Halloween because of how classic it was and they enjoyed them and wanted to pass it down to me to love.

Is it part of a series? If so, what series is it?

Yes, the Twilight Saga

What is this media about? Make sure to give enough interesting details without spoiling too much!

Twilight is about a girl named Bella who moves to a small town in the Northwest. Bella falls in love with this boy Edward, before she knew a big secret he was hiding. Now it's too late for her to back out and she has to figure out what to do!

Who are the main characters? What makes them interesting or unique?

The female main characters name is Bella Swan, she is very quiet and doesn't like to draw attention to herself. The male main character is Edward Cullen. He has a secret that only a few people know about, including Bella.

Does this media remind you of anything else you've read/watched/played?

I would say it sort of reminds me of Vampire Diaries but I don't know enough about that to really say.

What type of person might enjoy this media? For example, this book is for someone who likes Percy Jackson, someone who enjoys getting scared, someone who likes a challenge, etc.

Someone who might like these would be definitely romance enjoyers and fantasy readers, but there are many different audiences that will enjoy this series.

Did you like this media? Would you recommend it to others? Why or why not?

I really liked it, it can be found as corny to some people... especially the movies I totally think everyone should read it even if they find it corny because it's just a classic book and a good read.

Do you like the cover? Does it convey what the media is about?

I do like the cover, but it doesn't really show much about the book itself it's more just artsy and pleasing to see.
